- **Large Format Rolls** 10m<sup>2</sup> or 20m<sup>2</sup> are available on request. Laying equipment for large format rolls is available to hire.

*All measurements are approximate and taken when harvested.*

- **Growth**

Turfonline Premium Turf is grown for approximately 12 months produced using no plastic netting. The seed cultivars used are independently selected to provide the best quality sward. This results in a unique blend that produces a finer leaved luxurious but hardwearing lawn. Turfonline Premium Turf will have been treated for weeds and will contain mature grass plants, root fibre and enough soil to maintain the plant during establishment. Each roll should be strong enough to support its own weight when lifted at one end.
- **Typical Seed Mixture\***
  - 20% Perennial Ryegrass
  - 10% Smooth Stalked Meadow Grass
  - 35% Slender Creeping Red Fescue
  - 20% Strong Creepeing Red Fescue
  - 15% Chewing's Fescue
- **Soil Classification** Grown on free draining DEFRA classified grade 1 mineral sand or organic loams.

Attractive and easy to maintain, our Premium Turf contains a carefully blended mix of fine-leaved Perennial Ryegrass, Slender Creeping Red Fescue, Smooth-Stalked Meadow Grass and Chewing's Fescue.

 **Turfonline.**

# Features: Premium Turf

## ■ Features

Due to the unique mix of species and cultivars this turf will have some shade, drought and salt tolerance.  
Good year round colour.
